Visit "Lixhultsbrännan" a unique forest-area just a short walk from the accommodation. Hungry? We offer solutions: a ready-made breakfast in the refrigerator in your cottage or a lunch-package for your adventure. Tired of adventures? River Emån – species

The river holds 32 species of fish, try coarse-fishing for perch, bream, tench or roach. If you are lucky the chub will bite where the river flows fast. A good method for big pike is spin-fishing. Both professionals and beginners enjoy Emån. Partial fast flowing and partial slowly winding with backwaters. We offer guided fishing trips and fishing equipment for beginners.
